Before and on the day

THE DAYS BEFORE

- [ ] Book only on GOV.UK. The official fee is £23.
- [ ] Check the date, time and address of your test centre.
- [ ] Plan your journey so you arrive early.
- [ ] Do one full practice run of both parts.
- [ ] Read the traps on your maps one last time.

BRING WITH YOU

- [ ] Your photocard driving licence.
- [ ] Paper licence only? Bring a valid passport too.
- [ ] Changed your name since booking? Bring proof, like a marriage certificate or deed poll.
- [ ] Without the right documents the test is cancelled and you lose the fee.

At the centre

Expect to leave your phone and personal belongings in a locker before the test. Switch your phone off.

DRAFT

During and after the test

50	57	43	44/75
questions	minutes	correct to pass	hazard perception

PART 1: MULTIPLE CHOICE

- 57 minutes for 50 questions is just over a minute each.
- 3 of the questions are about a short video clip.
- Not sure? Pick your best answer and move on; come back at the end if you have time.
- Read every word: 'most', 'least', 'must' and 'should' change the answer.

PART 2: HAZARD PERCEPTION

- 14 clips: click when a hazard starts to develop.
- Wrong clicks don't cost points; clicking in a pattern scores zero for that clip.
- One clip has two developing hazards.

AFTER THE TEST

- You must pass both parts in the same test.
- Passed: your certificate is valid for 2 years. Book your practical test before it runs out.
- Failed: you take both parts again and have to wait at least 3 working days.
